This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Prior authorization for Select Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, receive prior authorization or approved by BCBSM except in an emergency.

Note: A list of services that require approval **before** they are provided is available online at **bcbsm.com/importantinfo.** Select ***Approving covered services***.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Prior authorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request prior authorization of the drugs. **If prior authorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

Eligibility Information

Member	Eligibility Criteria
Dependents	• Subscriber's legal spouse • **Dependent children**: related to you by birth, marriage, legal adoption or legal guardianship; eligible for coverage until the end of the year in which they turn age 26
No-fault automobile accidents, option 3	Clarifies how payment for medical services will be coordinated between BCBSM and a member's motor vehicle insurance carrier when a member is involved in a motor vehicle accident. In all instances: • BCBSM will be the secondary plan when paying benefits for injuries that are a direct or indirect result of a motor vehicle accident, regardless of the provisions contained in a member's no-fault motor vehicle insurance policy, and • BCBSM will not duplicate benefits available under a member's no-fault motor vehicle insurance policy. **Note**: The BCBSM payment, when combined with any payment a member receives under their no-fault motor vehicle insurance policy, will not be more than 100 percent of the BCBSM approved amount for covered services.

Member's responsibility (deductibles, copays, coinsurance and dollar maximums)

Note: If an in-network provider refers you to an out-of-network provider, all covered services obtained from that out-of-network provider will be subject to applicable out-of-network cost-sharing.

Specialty Pharmaceutical Drugs - The preferred pharmacy for specialty drugs is **Walgreens Specialty Pharmacy**. Specialty drugs are covered only when dispensed through the Walgreens Specialty Pharmacy or any in-network participating pharmacy.

A list of specialty drugs is available on our website at **bcbsm.com/pharmacy**. Click What are specialty drugs, then click Specialty Drug Program Rx Benefit Member Guide. The guide is updated monthly.

If you have additional questions, you can call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that Blue Cross defines as a "specialty pharmaceutical". We may make exceptions if a member requires more than a 30-day supply. Blue Cross reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay or coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Note: Your prescription drug copays and coinsurance amounts, including mail order copay and coinsurance amounts, are subject to the **same** annual out-of-pocket maximum required under your medical coverage. The following prescription drug expenses will not apply to your annual out-of-pocket maximum.

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 25% member liability for covered drugs obtained from an out-of-network pharmacy

Custom Drug List	A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost. • **Generic drug tier** - This tier includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment. • **Preferred brand-name drug tier** - This tier includes non-specialty preferred brand-name drugs. These drugs are more expensive then generic and members pay more for them. • **Nonpreferred brand-name drug tier** - This tier includes non-specialty brand-name drugs for which there's either a generic alternative or a more cost-effective preferred brand-name drug available. Members pay more for these nonpreferred brand-name drugs. • **Generic and preferred specialty drug tier** - This tier includes generic and preferred brand-name specialty drugs that are used to treat difficult health conditions. These drugs are generally more cost-effective than nonpreferred specialty drugs. • **Nonpreferred specialty drug tier** - This tier includes nonpreferred brand-name, specialty drugs that are used to treat difficult health conditions. Members pay more for nonpreferred specialty drugs because there are cost-effective generic or preferred drugs available.

Features of your prescription drug plan

Prior authorization/step therapy	A process that requires a physician to obtain approval from BCBSM **before** select prescription drugs (drugs identified by BCBSM as requiring prior authorization) will be covered. **Step Therapy**, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require prior authorization. Details about which drugs require prior authorization or step therapy are available online site at **bcbsm.com/pharmacy**.
Maximum allowable cost drugs	For maximum allowable cost (MAC) Drugs, if you have a prescription filled by an in-network pharmacy, and the pharmacist fills it with a generic equivalent drug, you are required to pay only the copayment and/or deductible, if applicable. If you obtain a brand name drug when a generic equivalent drug is available, you must pay the difference between the maximum allowable cost and the BCBSM approved amount for the brand name drug plus your copayment and/or deductible, if applicable. **Note:** If your physician requests and receives authorization for a brand name drug from BCBSM's Pharmacy Services Department and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your copayment and/or deductible, if applicable.
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.
Erectile dysfunction drugs	No more than 30 doses per 30-day period when obtained from an in-network retail pharmacy or BCBSM's approved mail-order supplier No more than 90 doses in a period of 31-90 days when obtained from BCBSM's approved mail-order supplier No more than 90 doses in a period of 84-90 days when obtained from a pharmacy in the 90-day Retail Network; a supply for a period of 31-83 days is not covered in this location
